## **DALMIA INSTITUTE OF KNOWLEDGE AND SKILL HARNESSING**

**Nurturing Future:  
Empowering Youth Through Skill  
Development**

Skill development of rural youth plays a vital role in unlocking their potential and creating avenues for a brighter future. By providing tailored training programs and workshops, we equip them with the tools to excel in various trades and professions. This not only enhances their employability but also empowers them to contribute effectively to their communities' growth and development.

batch

# GRAM PARIVARTAN

(An action towards bringing change)

## Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of Rs. 1,00,000. This can be achieved through individual or group interventions and can function independently or converged with government programs.

## Cumulative Progress since Inception

## Innovation and Success. A case study

Most of the blocks surrounding Yadwad had a Solar powered flour mill running with considerable profit. Yadwad did not have one. This was a good opportunity for the DBF team to promote the idea of starting one home based Solar powered flour mill in Yadwad. When this idea was floated, Kasturi Miraji, a progressive woman came forward to take a calculated risk by investing Rs.5000. DBF team further supported her with govt. scheme linkages from central government. Thus she got about 60% of the cost subsidized and established the mill in her house. Through this initiative she earns an additional income of around Rs.3000 per month. She has announced a 25% discount for the members of her SHG to avail services in her mill. Her efforts were appreciated by other SHG members.

**Goat farming beneficiary**

**60 beneficiaries added a milch animal newly to their livestock**

**Cloth selling unit established by beneficiary at Yadwad under livelihood activity using SHG Loan**

**Inaugurating 32 street lights in Yadwad**

**PMFMFP Scheme leveraged for a flour mill, with subsidy from State and Central Govt.s and also from Selco Foundation, reducing establishment expenses by 60%**

**Cleanliness drive by Unit Head**
