Livelihood Initiatives

Seed Treatment in Cotton & Soybean

- Protects crops from seedborne diseases, encouraging higher germination rates and healthy plant growth.
- Reduces reliance on chemical fertilizers and spraying, lowering overall costs.
- Increases yield by 7-10% per hectare.
- Benefited over 800 farmers.

Convergence: Goat Rearing training by R-SETI

- Conducted Goat Rearing Training in Naranda village for 35 participants.
- Following the training, an exam was held where all participants successfully passed the exam.
- Organized an exposure visit for trainees to a nearby goat unit in Chandrapur.
- Awarded training completion and exam certificates to the participants.
- R-SETI secured assurances to support participants in obtaining bank loans for their goat rearing businesses.

Convergence: Seed drill machine.

- 5 farmers were benefited from the seed drill program. Suitable for sowing all types of seeds.
- Reduces sowing costs and minimizes labor requirements.
- Optimizes efficiency by completing tasks quickly and thoroughly.
- Ensures consistent plant spacing within and between rows
- It saves farmers Rs.3500 per annum

Training on SHG Bank linkage

- Equipped SHG members with loan application skills for their business ventures.
- Training covered essential practices for loan eligibility, including consistent SHG meetings, on-time internal loan repayments, recordkeeping, understanding loan purposes and proper utilization, and efficient documentation processes.
- Empowered a total of **488 individuals** through the program.

EDP-Microenterprise Training

- Empowered SHG members by providing training on diverse business opportunities.
- Utilized audio-visual aids to showcase successful microenterprises in various fields, including agarbatti making, cloth and vegetable sales, vermicelli production and packaging, goat rearing, and poultry farming.
- Motivated 100 SHG members to pursue goat rearing and poultry businesses.
- Program has benefitted a total of **460 individuals**.

Dashparni Ark production & sale

- SHG launched Dashparni Ark production in April.
- SHG members have successfully produced 200 liters of Dashparni Ark.
Effective for organic pest control in cotton, soybean, chili, and vegetables.
- This product reduces spraying costs for farmers and has the potential to increase yields by 1-1.5 quintals per acre
- Each household is expected to earn an annual income of **Rs. 15,000/-**

GRAM PARIVARTAN PROJECT

(An action towards bringing change)

Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of **Rs. 1,00,000**. This can be achieved through individual or group interventions and can function independently or converged with government programs.
