GREETINGS TO ALL!

We trust this note finds you well. It's with great pleasure that Dalmia Bharat Foundation (DBF) Team reflects on the journey undertaken in the second quarter, and we are happy to share our collective achievements through the pages of our Quarterly CSR Magazine.

-Team DBF, Dalmiapuram

WATER CONSERVATION INITIATIVES

- Arokiapuram village pond desilted and bunds strengthened
- 14,016m³ per annum water storage potential created
- Recharges ground water table
- Easy access to surface water for 243 households
- Around 250 cattle gain access to drinking water
- DBF funds Rs.9.85 lakhs spent

4672cum Water Storage structure
in Arokiapuram

- Bush removal done for pond in Pirattiyur village
- 5.4Lakhm³ of additional water harvesting potential created annually
- 1200 households likely to benefit due to improved ground water table
- 200 farmers to benefit due to surface water availability
- Project cost for DBF Rs. 9.13 lakhs

Water Storage structure
in Pirattiyur

- Revolving fund loan disbursed to SHG Women
- 30 women benefited
- Rs.8.2L disbursed using funds available with SHG Federation under watershed committee
- Women purchased goats, cows, hens and started micro enterprises

- Custom design-based production of Palm Leaf Baskets undertaken by 35 women
- Women trained to acquire skills before production started
- Market linkage established and production capacity enhanced to meet demand.

- 10,000 stems of CO5 green fodder planted
- Reached out to 10 beneficiaries
- CO5 enhances growth of animal and milk yield
- Reduces feed cost substantially
- Farmers stand to gain Rs. 12,000 per year approximately

- Azolla bags distributed to 31 beneficiaries
- Focused on beneficiaries with dairy, goatry and poultry.
- Additional income potential created for Rs.15K annually through increase in milk quantity and quality.
- Poultry and goatry farmers will earn additional income due to quicker weight gain in birds and animals.

- One-month old poultry birds distributed
- 140 households received birds. Each 10 numbers.
- 50% of the amount for birds was contributed by beneficiaries.
- Additional income potential created for Rs.22000 p/a.

GRAM PARIVARTAN

(An action towards bringing change)

Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of Rs. 1,00,000. This can be achieved through individual or group interventions and can function independently or converged with government programs.

Innovation and Success. A case study

The World On Wheels digital literacy vehicle is being engaged for inclusion of rural youth and children to enable a digital-ready community. Amidst number of routine programs conducted on this vehicle, the Dalmiapuram team approached the core village households to mobilize trainees for learning “Tally”, a widely used accounting software. 27 beneficiaries are being trained and valid certificates will be issued in November. DBF team is working on converting this opportunity into employment for the trainees.

Nurturing Future: Empowering Youth Through Skill Development

Skill development of rural youth plays a vital role in unlocking their potential and creating avenues for a brighter future. By providing tailored training programs and workshops, we equip them with the tools to excel in various trades and professions. This not only enhances their employability but also empowers them to contribute effectively to their communities' growth and development.
