GREETINGS TO ALL!

We trust this note finds you well. It's with great pleasure that Dalmia Bharat Foundation (DBF) Team reflects on the journey under taken in the second quarter, and we are happy to share our collective achievements through the pages of our Quarterly CSR Magazine.

-Team DBF, Jawaharpur

WATER CONSERVATION INITIATIVES:

- 3 Village ponds identified under MGNREGA for desilting and plantation
- Work completed in 2 ponds, creating 1.55Lakh KL of water holding potential annually
- Ponds will be used for irrigating 35 acres, benefiting a variety of crops and fishing

Village pond -Jawaharpur

AGRICULTURE AND LIVESTOCK:

Supported 7 progressive farmers in protective farming to develop non- sugarcane farmers
Additional income of Rs.30k per annum

Polyhouse (Protective Farming)

- Established 700 vermicompost units, benefiting small and marginal farmers.
- Each unit produces 1 ton of compost, sufficient for 1 acre of land, saving Rs. 22,000 input costs.
- Improved soil organic content in 17 villages.

Vermi Compost -Jawaharpur

A model azolla unit

AZOLLA CULTIVATION

- Planned 250 Azolla units with 250 identified beneficiaries.
- Demo unit established for learning and seed supply.
- Each unit yields 200 kg of feed per year, increasing milk production and weight gain in poultry and goats.
- Consistent consumption ensures an annual income of Rs. 18,500/household.

ARTIFICIAL INSEMINATION

- 141 sorted and 442 conventional inseminations performed.
- Interventions resulted in birth of 67 female and 57 male calves.
- The birth of 67 female calves will significantly impact the families, potentially leading to an additional income of Rs. 9,000 per month.

A case study-Parvati Devi

Parvati Devi, a resident of Tedwa village, hails from an under privileged community. She is an active member of Jind Baba Self-Help Group (SHG), With the support of the SHG, Parvati Devi secured a loan of Rs. 40,000 to establish her own micro-enterprise. She chose to set up a mini flour mill in her home after conducting a thorough demand analysis for the area. Parvati is capable of grinding 150 to 200 kilo grams of grains, resulting in a monthly income of Rs. 9,000.

GRAM PARIVARTAN

(An action towards bringing change)

Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of Rs. 1,00,000. This can be achieved through individual or group interventions and can function independently or converged with government programs

Nurturing Future: Empowering Youth Through Skill Development

Skill development of rural youth plays a vital role in unlocking their potential and creating avenues for a brighter future. By providing tailored training programs and workshops, we equip them with the tools to excel in various trades and professions. This not only enhances their employability but also empowers them to contribute effectively to their communities' growth and development.
