

PARIVARTAN

KALYANPUR

Quarterly Issue (April to June 2024)

Village: 09 | Population: 24,061

Dear All,

Greetings from Dalmia Bharat Foundation.

We trust this note finds you well. It's with great pleasure that Dalmia Bharat Foundation (DBF) Team reflects on the incredible journey undertaken in the first Quarter of FY 25, and we are thrilled to share our collective achievements through the pages of our Quarterly CSR Magazine

-Team DBF, Kalyanpur

Livelihood Initiatives

Livestock Support

- Aims to enhance livestock productivity through artificial insemination (AI) to increase farmers' income from milk production.
- **20 shots** of sex-sorted artificial insemination were administered.
- Expected to result in the birth of **8 female calves**, as assessed by the veterinary doctor.
- Six female calves were born in quarter-I from sex-sorted semen.
- Each cow now produces an average of 6 liters of milk per day, resulting in each household earning **Rs. 6,000 per month**.

Livestock Beneficiary

Poultry Beneficiary

Poultry Intervention

- **215 beneficiaries** were supported by providing them with 30-day-old poultry birds.
- **7,000 poultry birds** were distributed among these **215 beneficiaries**.
- Additionally, **90 beneficiaries** received poultry cages, aimed at enhancing the income of rural households through poultry farming.
- The expected annual income is **Rs. 40,000 per household**.

High value vegetable cultivation

- 650 farmers were provided with quality onion and garlic seeds.
- Each farmer achieved an average yield of 3 quintals (300 kg) of onions per **0.0625 acre** of land.
- The total onion production by these **650 farmers** is 3.9 tons (or 3,900 kg) and total cultivated area is 40.62 acres.
- Each farmer is expected to earn an annual income of **Rs. 12,500 per household** from onion cultivation and **Rs. 10,000 per household** from garlic cultivation.

High Value Onion Production

Goat Rearing & Azolla Unit

Goatery an effective livelihood intervention

- The "Four Female Goat Model," was promoted and is a focused intervention aimed at enhancing the income of rural households through goat farming.
- Supported **20 marginal households** and they initiated their goat farming venture with four female goats.
- The anticipated annual income is **Rs. 70,000 per household** over two years.

Micro Enterprise Development

- Supported **10 beneficiaries**, for setting up micro enterprises.
- Beneficiaries started ventures such as fast food carts, vegetable selling, grocery shops, and cyber cafes.
- Each entrepreneur has started to earn an average income ranging from **Rs. 10,000 to Rs. 12,000 per month**.

GRAM PARIVARTAN PROJECT

Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of **Rs. 1,00,000**. This can be achieved through individual or group interventions and can function independently or converged with government programs.

DALMIA INSTITUTE OF KNOWLEDGE AND SKILL HARNESSING

Nurturing Futures: Empowering Youth Through Skill Development

Skill development of rural youth plays a vital role in unlocking their potential and creating avenues for a brighter future. By providing tailored training programs and workshops, we equip them with the tools to excel in various trades and professions. This not only enhances their employability but also empowers them to contribute effectively to their communities' growth and development.

Updates (for FY24-25)
