### Drip Irrigation

# GRAM PARIVARTAN PROJECT

(An action towards bringing change)

## Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of Rs. 1,00,000. This can be achieved through individual or group interventions and can function independently or converged with government programs.

# A SUCCESS STORY FROM LIVELIHOOD INITIATIVE

Mrs. Gita Lakra hails from a poor tribal family relying solely on 1.5 acres of upland as their only source of income. Initially, she was cultivating vegetables using traditional seeds without a proper package of practice.

In 2023 she participated as a beneficiary under the Gram Parivartan project., DBF provided her with training, technical knowledge, and both low and high-yielding seeds. Empowered with these resources, Mrs. Gita transitioned to cultivating high-value vegetables such as Cauliflower, Tomato, Brinjal, and Cabbage. As a result, she earned an annual additional income of Rs. 55,000 in a year. Mrs. Lakra expressed her heartfelt gratitude towards the Foundation for their invaluable support.

**Name: Gita Lakra**

**Age: 36 years**

**Village/GP/Block: Badagudhiali/Kunmur/Rajgangpur**

**District: Sundargarh**

**Annually Income from Vegetable cultivation: Rs. 55,000/-**

# DALMIA INSTITUTE OF KNOWLEDGE AND SKILL HARNESSING

**Nurturing Futures: Empowering Youth Through Skill Development**

Skill development of rural youth plays a vital role in unlocking their potential and creating avenues for a brighter future. By providing tailored training programs and workshops, we equip them with the tools to excel in various trades and professions. This not only enhances their employability but also empowers them to contribute effectively to their communities' growth and development.
