

Dear All,

**Greetings from Dalmia Bharat Foundation.**

We trust this note finds you well. It's with great pleasure that Dalmia Bharat Foundation (DBF) Team reflects on the incredible journey undertaken in financial year 23-24, and we are thrilled to share our collective achievements through the pages of our Annual CSR Magazine

**Team DBF, Ramgarh**

## LIVELIHOOD INITIATIVES

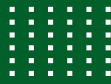

### Micro-enterprises

- 21 micro-enterprises were established across various trades like, Barbering, Carpentry, Beauty parlour, Provisional stores, Pottery, Cycle-pulled hawking, and Cycle-repairing.
- Enables self-employment opportunities.
- Facilitates skills development among community members.
- Each Micro-enterprise has the potential to earn Rs. 2.4 lakhs annually.

- Azolla beds were provided to 250 beneficiaries.
- This initiative has led to an increase in both the quantity and quality of milk, as well as weight gain in goats and cows.
- Farmers have been able to reduce feed costs by incorporating Azolla into their livestock's diet, replacing a considerable quantity of other feeds.
- Azolla is also being utilized by poultry and goat-rearing farmers.
- A household with 3-5 goats and two cows has the potential to earn Rs. 18,000 by providing Azolla as a feed.

### Distribution and Installation of Azolla Beds

### Vermi Compost

- 7 farmers received training supported by Kheyti Team.
- Two training programs conducted for poly house farmers.
- 25 poly house farmers received training on advanced techniques and seed procurement.
- Each farmer has the potential to earn an additional amount of Rs.1.04 lakhs annually.

- 1000 vermicompost bags were distributed to farmers
- Per bag produces 3 ton of vermi compost.
- Each farmer has the potential to earn an annual income of Rs. 22,000/- per bag.

### Kheyti Intervention – (Protective farming)

- 6 farmers were supported with Sustainable and Renewable Energy based Agricultural Practices.
- The government provided two farmers with 5 Horse Power solar pumps worth Rs. 2 lakhs and four farmers with 3 Horse Power solar pumps worth Rs.14 lakhs.
- This initiative helps to reduce reliance on fuel oil or electricity for irrigation, leading to direct savings of up to Rs. 12,500 per hectare on irrigation costs.
- Farmers become Energy Entrepreneurs as they sell excess electricity to the grid at a rate of Rs. 350 per hour.

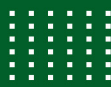

### Krishi Urja Suraksha evam Utthaan Mahabhiyan Yojana (KUSUM Yojana) Initiatives

- Empowering Rural Women Artisans to preserve Moonj Craft through Sarayan Craft Initiatives.
- 250 women artisans were benefitted, fostering gender equality and economic independence.
- The business achieved a turnover of Rs. 10.53 lakhs.
- Established collaborations and partnerships with companies such as Women on Wings and PepsiCo.

### Moonj Craft: Sarayan Craft Initiatives

## Climate Action

### Recharge Shaft

- 1100-meter pipeline has been installed.
- 385 farmers were benefitted covering 500 acres of farmland for irrigation

- 12 recharge shafts were constructed.
- Annual water harvesting capacity: 240,000 cubic meters.
- 1,600 villagers were benefitted from this intervention.

### Water ETP (Excess Water Supply Pipeline)

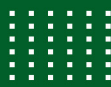

- 7 ponds were excavated through government support.
- Annual water harvesting capacity: 11.32 lakh kilolitres (KL).
- 15,000 individuals were directly benefitted.

### Water Harvesting Structure (Village Pond)

- Revolutionizes crop irrigation in Ramgarh.
- Serves 6 beneficiaries across 25 hectares of farm land.

### N Drip (Gravitational Drip Irrigation System)

## Climate Action

- Located in Mishrikh, Sitapur district.
- Aims to reverse environmental degradation and enhance biodiversity.
- 6,800 individuals were benefitted from this project.

## Mandakini River Restoration Project

- 9,707 quintals of press mud distributed to 730 farmers.
- Average application rate is 50 quintals per hectare.
- 3,176 hectares of sugarcane cultivable land is covered.
- Each farmer has the potential to earn an additional amount of Rs. 18,000/- to Rs. 23,000/- per crop annually

## Press Mud Distribution

- Performed 1589 traditional AI procedures and 383 conventional AI procedures.
- Resulted in 146 calves born, in which 130 calves were female.
- Enhanced livestock productivity and Ensured economic sustainability.
- The potential earning would be Rs. 85,000/- from each buffalo and female calve.

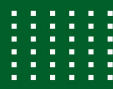

## Dairy Development Through AI

- Enhanced livelihood resilience and Empower farmers with skills and knowledge.
- 4 livelihood trainings were conducted, including Infertility Camps to empower farmers with skills and knowledge.
- 517 cattle were treated for infertility and Dewormed 221 female calves.
- 276 families were benefitted.

## Livelihood Trainings and Infertility Camps

# SEEKHO SEEKHAO FOUNDATION: UNDER THE SCHOOL SUPPORTS PROGRAMME

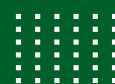

- 33 smart TVs distributed in schools.
- 4,113 students were benefitted.

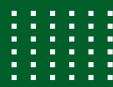

## Distribution of Smart TVs (Smart TVs Classroom)

- 25 computer setups installed in 5 schools, Benefiting 1,131 students.
- This helped the student from the rural background to attain knowledge of basic computer and digital literacy.

## Installation of Computer Setups

# GRAM PARIVARTAN PROJECT

(An action towards bringing change)

## Introduction

The Gram Parivartan Program was launched with the aim of providing livelihoods that are economically sustainable, ecologically responsible, and socially equitable. The objective is to foster sustainable economic progress within selected communities, where household chosen for participation is expected to achieve an additional annual income of Rs. 1,00,000. This can be achieved through individual or group interventions and can function independently or converged with government programs.

## A CASE STUDY

Aparna is a skilled beautician hailing from Village Korauna, Sitapur. Despite limited resources, she turned her passion for beauty into a thriving business venture by establishing her own beauty parlour. With a Mudra loan of Rs. 30,000 and a contribution of Rs. 10,000 from DBF, Aparna inaugurated a fully-equipped beauty parlour near the market. Utilizing her expertise and local connections, she now provides affordable beauty services, generating a daily income of Rs. 800-1200.

Aparna's proficiency in salon treatments enhances her ability to cater to the diverse needs of her community, contributing significantly to her success. Through her entrepreneurial endeavour, Aparna not only sustains her livelihood but also addresses the beauty needs of her locality, exemplifying the transformative impact of small business initiatives in rural areas. Aparna's success not only transformed her own livelihood but also inspired and empowered other women in her village to chase their aspirations.

**Aparna's Entrepreneurial Success in Rural Beautician Services**

- 400 beneficiaries trained in digital and financial literacy and cyber security.
- Improved capability for digital transactions and online services, along with increased awareness of various cyber threats.
- 350 people were benefitted.

Common Service Lab

## INFRASTRUCTURE DEVELOPMENT

- eMedicine Centre in Collaboration with Medo Plus is started through CSL.
- 360 patients received eye treatment through renowned Doctors through this Eye camp.

Eye Camps through Telemedicine Centre, CSL Ramgarh

## DAYS AND EVENTS CELEBRATION

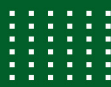

- 103 participants showcased community dedication to environmental stewardship.
- Promoted awareness about environmental issues.

Environment Day Celebration

- Independence Day was celebrated with 120 participants including women artisans of Moonj Craft and students of CSL School.
- Activity like Prabhat Feri was performed by the participants.

### Independence Day Celebration

- Celebrated women's achievements and advocated for gender equality.
- 60 women participated, acknowledging their contributions to society.
- Sewing machines were distributed to women beneficiaries to start Self-employment and empowered women economically.
- Each woman has the potential to earn an amount of Rs. Rs. 75,000 annually.

### International Women's Day Celebration
